Download & View The English file third edition intermediate (b1.1 y b1.2) as PDF for free I'm an English teacher and I use this book to teach in-company. There are 12 units (I usually do one in 60-90 minutes including correcting the homework) - 8 pages each with lots of activities, grammar and exercises - both speaking and writing. Every 2-3 units
there is a grammar check of 2 pages, very well done. The book includes grammar banks with grammar explanation of all the topics dealt with in every chapter and they're so well explained that I never need to prep extra material. At the end of the book there are more exercises on different things such as phrasal verbs and there is a workbook with
keys. I tend to give workbook exercises as homework for the holidays, so students can check on the keys themselves. Also, there is an e-book version which is not super easy to access at first, because you need to create 2 different accounts using the codes in the book, but it's also the only way to listen to the audios in the course book, so you'll need to
access it. !! There is no online version of the workbook, I've checked with customer support, too, but there is one for the A1/A2 book, so no idea why they didn't do it this time. Still, this book is a great tool to teach or learn English, I highly recommend it!! To be improved: please make it easier to access the e-book, it takes forever to do it!Ottimo libro
per insegnare o studiare inglese con 12 capitoli di 8 pagine ciascuno, grammatica molto ben spiegata alla fine dei 12 capitoli, esercizi extra, attività con audio, speaking e writing e workbook con soluzioni alla fine dei 12 capitoli, esercizi extra, attività con audio, speaking e writing e workbook, che non Ã" proprio semplice perché devi creare due
account diversi e ci metti 1po', quindi prenditi del tempo per farlo. Non c'Ã" una versione e-book del workbook, solo del course book. Migliorabile: per favore rendete più semplice l'accesso all'e-book, Ã" davvero complicato, e aggiungete il workbook in formato e-book.
